

PROGRAM PLAN - Out-of-School Care

Updated January 2007

TYPICAL DAILY SCHEDULE:

Acronyms: IAP

Individual Activity Plan

Some parents may request that their child complete certain activities while in child care. The IAP identifies these activities and when the child is required to do them. Activities may include homework, music practice, free-play etc.

HW

Homework

Students will always have available to them a quiet area to do homework, however, a time block will be available each day to all students to do homework. Those who do not participate in this HW period will be asked to find a quiet activity to keep them busy such as silent reading, drawing, painting etc.

QT

Quiet Time

Students will be asked to find a quiet activity to keep them busy during this period. Teachers begin to arrive at the school after this time and will be preparing for the day ahead. Teachers will expect that they can have staff meetings, informal staff discussions, and preparatory time with limited disruption from the OOSC students.

CST

Creative Structured Time

This is a structured activity time for all students that will involve a creative activity.

PST

Physical Activity Structured Time

This is a structured activity time for all students that will involve a physical activity for exercise.
